# REYNAERS ALUMINIUM

Reynaers Aluminium is a leading European specialist offering innovative, environmentally friendly and energy-efficient aluminium systems for windows, doors, curtain walls, sliding systems, sunshades and conservatories. Our systems meet the most stringent requirements for comfort, safety, aesthetics and energy efficiency.

Reynaers Aluminium is an innovative company, committed to continuous product development. The latest solutions are developed, tested and presented at the modern Reynaers Aluminium Campus in Duffel, Belgium. The Polish branch is the logistics centre for Poland, but also for the countries of the region: Lithuania, Latvia, Estonia, the Czech Republic, Slovakia and Hungary. Reynaers Aluminium is not only a supplier, but also a partner for architects, manufacturers, installation companies, project managers, investors and end users.
